SUPERIOR

## Intrusion protection

Wired and wireless intrusion protection devices for high-profile projects

### Game changer for PROs

The Superior product line includes wireless Jeweller and wired Fibra devices for intrusion protection. They offer advanced capabilities, unmatched reliability, and compliance with the most stringent international and local regulations. The product line is available to accredited partners only after they complete specialized training at Ajax Academy. Get access to Superior and take on ambitious projects.

### Hubs

#### Superior Hub G3 Jeweller

Wireless control panel with support for photo verification. Connectable via Ethernet, Wi-Fi, and two SIM cards (2G/LTE).

Color:

#### Superior MegaHub

Hybrid control panel for the biggest projects. Works with up to 999 Fibra and Jeweller devices. Connectable via Ethernet, Wi-Fi, and two SIM cards (2G/LTE).

Color:

#### Superior MegaHub (without casing)

Hybrid control panel for the biggest projects. Designed for installation in a compatible Ajax casing. Works with up to 999 Fibra and Jeweller devices. Connectable via Ethernet, Wi-Fi, and two SIM cards (2G/LTE).

#### Superior Hub Hybrid 2

Hybrid control panel for medium to large setups. Works with up to 250 Fibra and Jeweller devices. Connectable via Ethernet and two SIM cards (2G/3G/LTE).

Color:

#### Superior Hub Hybrid 2 (without casing)

Hybrid control panel for medium to large setups. Designed for installation in a compatible Ajax casing. Works with up to 250 Fibra and Jeweller devices. Connectable via Ethernet and two SIM cards (2G/3G/LTE).

### Superior Hub Hybrid (2G)

Hybrid control panel supporting photo verification. Works with Fibra and Jeweller devices. Connectable via Ethernet and two SIM cards (2G)

Color:

### Superior Hub Hybrid (4G)

Hybrid control panel supporting photo verification. Works with Fibra and Jeweller devices. Connectable via Ethernet and two SIM cards (2G/3G/LTE)

Color:

### Superior Hub Hybrid (4G) (without casing)

Hybrid control panel designed for installation in Case D. Works with Fibra and Jeweller devices. Connectable via Ethernet and two SIM cards (2G/3G/LTE)

## Opening detectors

### Superior DoorProtect Jeweller

Wireless opening detector with two reed switches. Superior edition

Color:

### Superior DoorProtect Plus Jeweller

Wireless combined opening, shock, and tilt detector with two reed switches and accelerometer. Superior edition

Color:

### Superior DoorProtect G3 Jeweller

Wireless reed-switch opening detector with shock, tilt, and masking sensors

Color:

### Superior DoorProtect G3 Fibra

Opening detector with shock, tilt, and magnetic masking sensors

Color:

### Superior DoorProtect Fibra

Wired opening detector with two reed switches

Color:

### Superior DoorProtect Plus Fibra

Wired combined opening, shock, and tilt detector with two reed switches and accelerometer

Color:

## Glass break detectors

### Superior GlassProtect Jeweller

Wireless glass break detector with a microphone. Superior edition

Color:

### Superior GlassProtect Fibra

Wired glass break detector with a microphone

Color:

## Motion detectors

### Superior MotionProtect Jeweller

Wireless IR motion detector. Superior edition

Color:

### Superior MotionProtect Plus Jeweller

Wireless IR motion detector with an additional K-band microwave sensor. Superior edition

Color:

### Superior CombiProtect Jeweller

Wireless combined IR motion and glass break detector with microphone. Superior edition

Color:

### Superior MotionCam (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities

Color:

### Superior MotionCam G3 (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. Supports HD resolution.

Color:

### Superior MotionCam HD (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. Supports HD resolution.

Color:

### Superior MotionCam AM (PhOD) Jeweller

Wireless PIR motion detector with an anti-masking system and extended photo verification possibilities. Supports HD resolution.

Color:

### Superior MotionProtect G3 Fibra

Wired PIR motion detector with an anti-masking system

Color:

### Superior MotionProtect G3 Jeweller

Wireless PIR motion detector with an anti-masking system

Color:

### Superior MotionProtect Plus G3 Fibra

Wired IR motion detector with an additional K-band microwave sensor and anti-masking system

Color:

### Superior MotionProtect Plus G3 Jeweller

Wireless PIR motion detector with an additional K-band microwave sensor and anti-masking system

Color:

### Superior MotionProtect Fibra

Wired IR motion detector

Color:

### Superior MotionProtect Plus Fibra

Wired IR motion detector with an additional K-band microwave sensor

Color:

### Superior CombiProtect Fibra

Wired combined IR motion detector and glass break detector with microphone

Color:

### Superior MotionCam Fibra

Wired IR motion detector supporting photos by alarm feature

Color:

### Superior MotionCam (PhOD) Fibra

Wired PIR motion detector with extended photo verification possibilities

Color:

## Seismic detectors

### Superior SeismoProtect G3 Fibra

Wired seismic detector with an additional shock sensor

Color:

## Sirens

### Superior StreetSiren DoubleDeck Jeweller

Wireless siren with a clip lock for a branded faceplate. Superior edition

Color:

### Superior StreetSiren Plus G3 Jeweller

Wireless siren with advanced sabotage protection and an extended list of compliance certificates. For outdoor and indoor use.

Color:

### Superior StreetSiren Plus Jeweller

Wireless siren with advanced sabotage protection and an extended list of compliance certificates. For outdoor and indoor use.

Color:

### Superior HomeSiren G3 Jeweller

Wireless siren with advanced sabotage protection and an LED connector

Color:

### Superior HomeSiren Jeweller

Wireless siren. Superior edition

Color:

### Superior StreetSiren DoubleDeck Fibra

Wired siren with a clip lock for a branded faceplate

Color:

### Superior StreetSiren Fibra

Wired siren for indoor and outdoor use

Color:

### Superior StreetSiren Plus Fibra

Wired siren with advanced sabotage protection and an extended list of compliance certificates. For outdoor and indoor use.

Color:

### Superior HomeSiren Fibra

Wired siren with an LED connector

Color:

## Buttons & key fobs

### Ajax Superior SpaceControl Jeweller

Wireless key fob with a panic button and control over security modes. Superior edition

Color:

### Superior DoubleButton G3 Jeweller

Wireless hold-up device for high-risk facilities

Color:

### Superior Button Jeweller

Wireless panic/smart button. Superior edition

Color:

## Keypads

### Superior KeyPad Plus G3 Jeweller

Wireless keypad with touch buttons, supporting authentication via Pass, Tag, and codes

Color:

### Superior KeyPad Plus Jeweller

Wireless touch keypad with support for encrypted contactless cards and key fobs. Superior edition

Color:

### Superior KeyPad TouchScreen Fibra

Wired keypad with a touch screen and contactless authorization

Color:

### Superior KeyPad TouchScreen G3 Jeweller

Wireless keypad with a touch screen, supporting authentication via Pass, Tag, smartphones, and codes

Color:

### Superior KeyPad Outdoor Fibra

Wired keypad supporting authentication via Pass, Tag, smartphones, and codes. For outdoor and indoor use.

Color:

### Superior KeyPad Fibra

Wired touch keypad

Color:

## Range extenders

### Superior ReX G3 Jeweller

Wireless radio signal range extender with support for photo verification and Ethernet connection

Color:

## Relays

### Superior MultiRelay Fibra

Four-channel relay with remote control

## Integration modules

### Superior MultiTransmitter Fibra

Wired module to integrate up to 18 third-party devices into an Ajax system

Color:

### Superior MultiTransmitter Fibra (without casing)

Wired module to integrate up to 18 third-party devices into an Ajax system

### Superior MultiTransmitter G3 Jeweller

Wireless module to integrate up to 18 third-party devices into an Ajax system

Color:

### Superior MultiTransmitter G3 Jeweller (without casing)

Wireless module to integrate up to 18 third-party devices into an Ajax system. Designed for installation in an Ajax casing.

### Superior MultiTransmitter IO (4X4) Fibra

Wired module with 4 inputs and 4 outputs. Designed to integrate third-party devices into an Ajax system

### Superior Transmitter Fibra

Wired module to integrate one third-party device into the Ajax system

## Fibra accessories

### Superior LineProtect Fibra

Module to protect devices on the Fibra line from short circuit and sabotage

### Superior LineSplit Fibra

Module to split one Fibra line into four lines

### Superior LineSupply (45 W) Fibra

Module for additional power supply with 45 W power and one output Fibra line

Color:

### Superior LineSupply (75 W) Fibra

Module for additional power supply with 75 W power and two output Fibra lines

Color:

## Casings

### Case A (106)

Casing for an Ajax module

Color:

### Case B (175)

Casing for one or two Fibra modules

Color:

### Case C (260)

Casing for an Ajax module and a 7 Ah battery

Color:

### Case D (430)

Casing for up to eight Ajax modules and two 18 Ah batteries

Color:

### Case E (395)

Waterproof casing for an Ajax hub with an internal battery. For outdoor and indoor use.

Color:

## Protection against any threat

Baseline product line comprises wireless devices to protect residential and commercial properties. A wide range of smart indoor and outdoor Ajax devices operate as a unified force to ensure protection against potential intrusion and deliver the best-in-class user experience.

## Hubs

### Hub 2 Plus Jeweller

Wireless control panel with support for photo verification. Connectable via Wi-Fi, Ethernet, and two SIM cards (2G/3G/LTE)

Color:

### Hub 2 (4G) Jeweller

Wireless control panel with support for photo verification. Connectable via Ethernet and two SIM cards (2G/3G/LTE)

Color:

### Hub 2 (2G) Jeweller

Wireless control panel with support for photo verification. Connectable via Ethernet and two SIM cards (2G)

Color:

### Hub (2G) Jeweller

Wireless control panel. Connectable via Ethernet and SIM card (2G)

Color:

### Hub BP Jeweller

Wireless battery-powered control panel. Supports photo verification. Connectable via two SIM cards (2G/3G/LTE)

Color:

### Hub BP Jeweller (without casing)

Wireless battery-powered control panel designed for installation in an Ajax casing. Supports photo verification. Connectable via two SIM cards (2G/3G/LTE).

## Opening detectors

### DoorProtect Jeweller

Wireless opening detector with reed switch

Color:

### DoorProtect Plus Jeweller

Wireless combined opening, shock and tilt detector with reed switch and accelerometer

Color:

## Glass break detectors

### GlassProtect Jeweller

Wireless glass break detector with a microphone

Color:

## Motion detectors

### MotionProtect Jeweller

Wireless IR motion detector

Color:

### MotionProtect Plus Jeweller

Wireless IR motion detector with an additional K-band microwave sensor

Color:

### MotionProtect Curtain Jeweller

Wireless IR curtain motion detector

Color:

### CombiProtect Jeweller

Wireless IR motion and glass break detector with microphone

Color:

### MotionCam Jeweller

Wireless IR motion detector supporting photo by alarm feature

Color:

### MotionCam (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities

Color:

### Curtain Outdoor Jeweller

Wireless dual technology curtain motion detector for outdoor and indoor use

Color:

### Curtain Outdoor Mini Jeweller

Wireless dual-technology curtain motion detector for outdoor and indoor use

Color:

### DualCurtain Outdoor Jeweller

Wireless bidirectional curtain IR motion detector

Color:

### MotionProtect Outdoor Jeweller

Wireless IR motion detector for outdoor and indoor use

Color:

### MotionCam Outdoor Jeweller

Wireless PIR motion detector that takes photos by alarm. For outdoor and indoor use

Color:

### MotionCam Outdoor (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. For outdoor and indoor use

Color:

### MotionCam Outdoor HighMount (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. For outdoor installation at a height of 2–4 m.

Color:

### CurtainCam Outdoor HighMount (PhOD) Jeweller

Wireless dual-technology curtain motion detector with extended photo verification possibilities. For outdoor installation at a height of 2–4 m.

Color:

## Sirens

### StreetSiren DoubleDeck Jeweller

Wireless siren with a clip lock for a branded faceplate

Color:

### StreetSiren Jeweller

Wireless siren for indoor and outdoor use

Color:

### HomeSiren Jeweller

Wireless siren

Color:

## Buttons & key fobs

### Button Jeweller

Wireless panic button / smart button

Color:

### DoubleButton Jeweller

Wireless hold-up device

Color:

### Ajax SpaceControl Jeweller

Wireless key fob with a panic button and control for security modes

Color:

## Voice modules

### SpeakerPhone Jeweller

Wireless voice module for alarm verification

Color:

## Keypads

### KeyPad TouchScreen Jeweller

Wireless keypad with a touch screen that supports authentication with smartphones, Pass, Tag, and codes

Color:

### KeyPad Plus Jeweller

Wireless touch keypad with support for encrypted contactless cards and key fobs

Color:

### KeyPad Jeweller

Wireless touch keypad

Color:

### Keypad Outdoor Jeweller

Wireless keypad supporting authentication via Pass, Tag, smartphones, and codes. For outdoor and indoor use.

Color:

## Range extenders

### ReX 2 Jeweller

Wireless radio signal range extender supporting Jeweller and Wings protocols

Color:

### ReX Jeweller

Wireless radio signal range extender

Color:

## Relays

### WallSwitch Jeweller

Wireless power relay to control 110/230 V~ power supply remotely

Color:

### Relay Jeweller

Wireless dry contact relay

Color:

## Integration modules

### MultiTransmitter Jeweller

Wireless module to integrate up to 18 third-party devices into the Ajax system

Color:

### Transmitter Jeweller

Wireless module to integrate one third-party device into the Ajax system

### vhfBridge Jeweller

Wireless module for connecting an Ajax system to third-party VHF transmitters

Color:

### vhfBridge Jeweller (without casing)

Wireless module for connecting an Ajax system to third-party VHF transmitters

## Power supply units

### **6V PSU (type A)**

Power supply unit for operation of the device from portable battery

### **12V PSU for Hub/Hub Plus/ReX**

Power supply unit for the device operation on a low-voltage power source

### **12-24V PSU (type A)**

Power supply unit for the device operation on a low-voltage power source

## Video surveillance

Essential video devices

### Reliable surveillance core for any site

Baseline is a product line of essential video devices. It includes wired and wireless cameras, doorbells, and network video recorders – all widely varied in configurations. Powered by built-in AI, cutting-edge streaming technology, ever-evolving software, and NDAA-compliant hardware, the lineup is up to any task.

### Wired cameras

#### BulletCam (5 Mp/2.8 mm)

Wired AI-powered IP security camera with a 110° viewing angle, IR illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

#### TurretCam HLVF (5 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

#### TurretCam (5 Mp/2.8 mm)

Wired AI-powered IP security camera with a 110° viewing angle, IR illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

### Wi-Fi cameras

#### IndoorCam

Indoor Wi-Fi security camera with a PIR motion sensor and built-in AI

Color:

## Doorbells

### DoorBell

Video doorbell with built-in AI, PIR sensor, and control via apps

Color:

## NVRs

### NVR HAC (8-ch)

8-channel network video recorder with HDMI output

Color:

### NVR HAC (16-ch)

16-channel network video recorder with HDMI output

Color:

### NVR (8-ch)

Network video recorder for 8 channels

Color:

### NVR (16-ch)

Network video recorder for 16 channels

Color:

## Power supply units

### 12V PSU for NVR

Power supply unit for NVR operation on a low-voltage power source

## Comfort and automation

Wireless devices for automation, water leak prevention, and everyday comfort

## Smart solutions for everyday comfort and security

Our products for comfort and automation enable users to control lighting and appliances, detect water leaks, manage water supply, and monitor air quality. Through automation scenarios, these devices take over routines and reinforce on-site security. Benefit from reliable operation, sleek design, intuitive in-app control, and hassle-free installation.

## Manual call points

### ManualCallPoint (Blue) Jeweller

Wireless resettable button featuring programmable scenarios. Blue-colored version

Color: 

### ManualCallPoint (Green) Jeweller

Wireless resettable button featuring programmable scenarios. Green-colored version.

Color: 

### ManualCallPoint (Yellow) Jeweller

Wireless resettable button featuring programmable scenarios. Yellow-colored version.

Color: 

### ManualCallPoint (White) Jeweller

Wireless resettable button featuring programmable scenarios. White-colored version.

Color: 

## Sockets

### Socket (type F) Jeweller

Smart plug with power consumption monitoring

Color:  

## Leak detectors

### LeaksProtect Jeweller

Wireless water leak detector

Color:

## Shutoff valves

### Ajax WaterStop 1" (DN 25) Jeweller

Wireless remotely controlled water shutoff valve

Color:

### Ajax WaterStop 1/2" (DN 15) Jeweller

Wireless remotely controlled water shutoff valve

Color:

### Ajax WaterStop 3/4" (DN 20) Jeweller

Wireless remotely controlled water shutoff valve

Color:

## Air quality detectors

### LifeQuality Jeweller

Wireless temperature, humidity, and CO<sub>2</sub> monitor

Color:
